MAR 19 2010

In re Application of: :
Lee et al. :
Serial No.: 10/580,947 : PETITION DECISION
Filed: August 7, 2006 :
Attorney Docket No.: 25742-0008US1 :

This is in response to the petition under 37 CFR § 1.59(b), filed February 22, 2010, to expunge information from the above identified application. This application has not been allowed.

Petitioner requests expungement of the assignment record for U.S. Patent Application No. 10/580,947, recorded on February 4, 2010, under Reel/Frame 023897/0553. Applicant submits the documentation was submitted with erroneous and confidential information. Specifically, the erroneous information enumerated that the submitted documentation provided evidence of chain of title to KIP Biotech LLC. However, the submitted documentation does not provide a record of completed chain of title for the above-referenced patent application. Furthermore, the submitted documentation contains confidential material that was unintentionally submitted and has not been otherwise made public.

Petitioner states either: (A) that the information contains trade secret material, proprietary material and/or material that is subject to a protective order which has not been made public; or (B) that the information submitted was unintentionally submitted and the failure to obtain its return would cause irreparable harm to the party who submitted the information or to the party in interest on whose behalf the information was submitted, and the information has not otherwise been made public. The petition fee set forth in 37 CFR § 1.17(g) has been paid.

The reasons set forth in this petition establishes to the satisfaction of the Director that expungement of the information is appropriate. The file entry for this document has been closed and as such the document is no longer publicly available, which is the IFW equivalent to removal of a paper document from a paper file wrapper.

Therefore, petitioner's petition is GRANTED.

Should there be any questions about this decision please contact Marianne C. Seidel by letter addressed to Director, TC 1600, at the address listed above, or by telephone at 571-272-0584 or by facsimile sent to the general Office facsimile number, 703-872-9306.
